To any GCBA member this is the information for volunteering to do OBEC class. This is a 3-class and contact information is below you can also go to the ODNR web site for OBEC instructor to get information. This is a great way for GCBA members to be more involved in helping keep our water ways safe and help boaters be more educated on safe boating.

If you have any other questions, feel free to reach out to me by email - at BOAT4FUN123@yahoo.com I would be glad to help you. This is a very rewarding feeling after you have given a class to know there is one safer boater on the water.
